in advance, and if not strictly in advance; \$2.50,

Our Trade with Canada.

We have read with interest a report of a paper on the subject of the Reciprocity Treaty and our commercial relations with the Cuns-Historical and Statistical Society of New lers, who accept the 'logic of events,' and of indecencies and crimes through the col-York City, on the 21st ult. by Mr. E. H. are co-operating with me in adjusting umns of the New York daily papers. The Durby, of Boston. The abstract of it before the new relations on the basis of simpartial jury after being out for forty-eight hours us is a meagre one; but it contains facts and justice." All this looks well, and seems were unable to agree on one of the issues, figures of some consequence.

fitted us greatly; and that it is our policy to renew a treaty, with the improvements Derby, our commerce with the British 900 miles of fine timber, almost untouched, which we need. We have taken 50,000,000 of her lumber last year; 15,000,000 bushels of wheat; 38,000,000 bushels of outs; 30,-000 horses, and 8,000,000 pounds of longcombing wool, a very essential article for our manufacturers, in a single year. Nova Scotia has mines, largely owned by Yankee capital, of indispensable gas coal, which costs but \$2 a tun m gold, to transport here (less than it costs from our mines.) Prince Edward's Island is fertile, and has a considerable trade with New England. Newfoundland has sold us \$1,500,000 worth of codfish s year. The privileges accorded to us by the Treaty in the Fisheries have been of great A Washingt & correspondent says adventage to us. They were an important of terror. It was as if the city had been understood employing 3,800 sessels and der the rule of a Confederate general for half a sented; Thaddeus Stevens, and Messes. Bout-

ports from the Provinces had amounted to "Resolved, That under no circumstances \$30,000,000, our exports were only whatever will we rent land to any freedman, nor will we permit them to live on our premi-\$19,000,000, the rest no doubt being made | see as employer." up largely in specie. But then be urged, We find in a Western paper the conclusion we are a gold producing country, and we of an ex-rebel Captain in Georgia, who says are gainers for what we bought. Eogland had imported in the last ten years but a chance to live—yes, sir, a chance to live—yes, sir, a chance to live.

\$550,000,000 more than she had exported, You say the Government has given him freed in which was no doubt laid up in added wealth. and that many good men in the North believe In fine, asked Mr. Derby, " Now, why can I tell you he's not get his freedom yet, and isn't we not put a small duty on their lumber, likely to get it right away." their fish and their coal, and renew a treaty! Then there is the action of the Southern They came to us now offering better terms Legislatures. What can be said of the negro than before. They say they are willing to code lately adopted by the Legislature of spirits, to give us copyrights and patent lishment of seridom in the place of slavery? rights, by which we now lose greatly; in Look at the act of the Legislature of Missis fact, whatever is reasonable. At Detroit sippi, probibiting Freedmen from leasing or they promise to deepen and enlarge their renting lands. Washington, interceding for a pardon tor Bishop of Colorado, took place in Trinity her rebel husband. Her application to the President was well received, and he treated ther with great consideration and kindness.

In speaking of her interviews with him to a triend, the lady remarked, that the President copal Church in the United States, acted as copal Church in the United States, acted as Bank of Middlebury for a generation, and in town, church and social relations was one of the most prominent men in Middlebury.

It is not, the lady remarked, that the President was very cordial and gracious, spoke very kindly of her husband and his family, and invited her to stay at the White House, while she remained in Washington. "Well," said her friend: "you accepted the President's hospitality?" "No;" remarked the lady: "we never knew the Johnsons."

of other clergy.

A Swinburnian Parody. Certain stongas in Swinburne's "Atalanta in Calydon" have been widely quoted. They

Between the sunset and the sea My have labe hands and his on me;

off sweet came sour, of day came night, of long desire came brief delight.

Als, love, and what thing came of thee, Between the sea-downs and the sea?" A writer in the London Occhestra thinks writes the following as quite as abythmical and much more sensible:

"Between the tea-bell and the tea ly brand was drawn and passed to me; of soup came fish, of fish came meats, of reasted joints came pully sweet. Ab, buts, and what thing came of ye. Between the tea-cups and the tea?

Between the tea-tray and the tea-Hock give to gripes, gripes grew to me; Wine turned to drunk and drunk to tears. And general joy to maudlin fears; Brunk tears, drunk winks, there seemed to be

Between the tellum and the tex fones lequered up an hour with me; His feet rolled down the kilchen stairs; Between the tea cakes and the tor."
